

SAFETY

- Never take down smoke alarms. You will put everyone in your building in danger. There is a \$75.00 fine if you remove your smoke alarm battery for any reason. In addition, you will be charged to replace any damaged equipment or property. You must call the Office if there is a problem with your smoke alarm.
-
- Leave your building every time you hear a smoke-fire alarm sound. Do NOT stop to call '911' or anyone else. If you have a roommate or family members, make sure they leave the apartment as well. Call 911 only once you are safely away from the building.
-
- Fire alarm pull stations must be used only in the event of an emergency. There is a \$50.00 fine assessed to a resident when it is determined that the resident, resident family member, or guest activates a pull station unnecessarily.
-
- Do NOT leave food or beverages cooking if you are not in the apartment. This is very dangerous and is the main source of fires in our communities. You will be charged a fine of \$90.00 if unattended cooking items cause the alarms to sound and/or our maintenance staff has to come to your apartment.
-
- Open flames are not allowed.
